**National Disaster Management Authority
Government of India**

Positions: Lead Consultant (Engineering Specialist in Disaster Management)

1. Background

The National Disaster Management Authority (NDMA) is the apex-level institution for disaster management in India. The Disaster Management Act, 2005 provides for setting up the NDMA along with a host of other institutions at the national, state, and district levels. Chaired by the Prime Minister, the NDMA is mandated to lay down the policies, plans and guidelines for disaster management, and implement various programmes related to various aspects of disaster management. Since its inception, NDMA has taken several initiatives and programmes in strengthening disaster preparedness and mitigation, improving disaster response and recovery, and supporting capacity-building activities in the country.

Disasters, whether natural or man-made, pose significant challenges to public health, including the spread of diseases, injuries, and the disruption of healthcare systems. Public health issues affect the disaster-affected communities in multiple ways, disrupting their lives and livelihoods. Women, children, and elderly are seriously affected, necessitating prompt health and medical interventions. NDMA needs to work with the State governments in providing specialized guidance and support in planning and implementing public health interventions in disaster-affected areas.

The consultant will be engaged to provide expertise and support in the development, implementation, and evaluation of psycho-social interventions in the aftermath of a disaster. This role aims to address the mental and emotional well-being of affected individuals and communities.

2. Job Description

Working within the Mitigation Division, the Lead Consultant will assist the Member and Advisor, Mitigation in developing various programmes and technical assistance related to Civil Engineering aspects in Disaster Management.

The primary objective of the consultant will be to contribute to the development and implementation of comprehensive Civil Engineering interventions tailored to the specific needs of communities and households affected by disasters. The Lead consultant will work closely with relevant stakeholders to ensure the delivery of timely and evidence-based Civil Engineering services that promote safe and sustainable living, hazard mitigation and effective emergency response.

He/ She should possess wide ranging knowledge and experience of all the Civil Engineering aspects in addition to knowledge of various attributes of Disaster Mitigation. He/ She should have familiarity with international guidelines and frameworks for Disaster Mitigation in emergencies. He/ She should have demonstrated ability to conduct assessments, develop

intervention plans and evaluate program outcomes. He/ She should have well versed with the National and International cods and Good Engineering practices etc.

3. Position (in numbers): 1

4. Key Tasks and Responsibilities

Lead Consultant will work under the overall supervision of the concerned Member/ JS / Advisor, NDMA. The Lead consultant's responsibilities will include but are not limited to:

- a. Assessing Needs: Conducting an initial assessment of the needs of affected individuals and communities due to any disaster. Identifying vulnerable groups, high-risk populations, and specific needs with respect to Civil Engineering considerations.
- b. Design and Planning of Civil Engineering Interventions.
- c. Collaborating with SDMA, DDMA, and respective subject professionals to develop context-specific interventions. Ensuring the interventions are aligned with international standards and best practices in sustainability disaster management.
- d. Capacity Building and Training: Providing training and capacity-building support to State governments and district administration on Disaster management principles, methodologies and safe living strategies. Facilitating workshops and knowledge-sharing sessions to enhance the understanding and skills of trainers and counsellors involved in providing Disaster management services.
- e. Implementation and Monitoring: Supporting the implementation of Civil Engineering interventions, including facilitating group sessions, Monitoring the progress and quality of various programmes and interventions, ensuring adherence to established standards, relevant codes, protocols and ethical guidelines. Collecting and analysing data to assess the effectiveness of interventions and identify areas for improvement.
- f. Collaboration and Coordination: Liaising with relevant stakeholders, including government agencies, non-governmental organizations, and community leaders, to foster collaboration and coordination in streamlining the smooth Disaster mitigation services. Participating in coordination meetings, working groups, and other forums to share knowledge, experiences, and lessons learned.

Deliverables:

The Lead consultant will be responsible for delivering the following: -

- a. An initial Disaster Mitigation needs assessment report, including recommendations for interventions.
- b. A comprehensive Civil Engineering intervention programme, outlining objectives, strategies, and activities.
- c. Training materials, guidelines, and tools for capacity building initiatives.
- d. Regular progress reports on implementation activities and outcomes.

- e. Help in preparation of Information Education and Communication material on disasters and hazard specific DO's and Don'ts
- f. Documents in the form of guidelines action plans and Sop's.
- g. Based on these guidelines, Project/Reports/DPRs on the Civil Engineering related projects. Review of the technical documents submitted by the States for their respective area of expertise, ensure quality, and guide the States wherever necessary.
- h. Supervision of the implementation of the Civil Engineering projects promoted by NDMA.
- i. Evaluation of DPRs related to disaster mitigation and structural retrofitting works for various buildings and infrastructures.
- j. Training modules on Safe and Sustainable Engineering practices for States and Districts authorities, working professionals, community and relevant stake holders.

5. Duty station: New Delhi, India

The Lead consultant will be based at NDMA, New Delhi and is required to travel to field locations, as necessary, to support intervention implementation and monitoring.

6. Status (Full time/Part Time/Short term or Long-term): Full Time. It is a full time engagement and Consultant shall not take up any other assignment during the period of consultancy with NDMA).

7. Competencies and Skills required:

- a. Promoting the vision of NDMA
- b. Strengthening technical expertise
- c. Formulating concepts and strategies
- d. Managing resources
- e. Ability to work in a team situation and engage with diverse stakeholders
- f. Inter-personal and communication skills
- g. Proactive engagement and dialogue
- h. Strategic advice and communication
- i. Excellent communication, coordination and training facilitation skills
- j. Fluency in English and Hindi
- k. Proficiency in making presentations

8. Language proficiency: Fluency in written and spoken English is required for this position.

9. Educational Qualifications (Essential/Desirable):

- Essential Qualifications: Degree in Civil Engineering or related subject from a recognized University.

- Desirable Qualifications: Ph.D./ Research Qualification in a related subject.

10. Age, Experience, Salary: These would be as shown below and as updated in Recruitment Handbook of NDMA from time to time.

Position	Post qualification Experience*	Upper Age Limit	Remuneration Band (in Rs.) **
Lead Consultant	Minimum 10 years	62 years	2,00,000– 2,50,000

* Please refer to para 11 (Experience) below.

**The annual increase is given on satisfactory performance. For outstanding performance, a two-step (each step is Rs 5000) increase may be given to the Lead consultant. In any case the remuneration of a Lead Consultant will not increase beyond the highest range of the corresponding remuneration band. In such cases the remuneration of the Lead Consultant will remain stagnant.

*** Retired government officials with matching education and experience, with maximum age of 64 years and who have held a position with grade pay of INR 8,700/ or more may also apply. Retired Govt. employees engaged as a Consultant shall be regulated as per MoF, DoE OM No. 3-25/2020-E.III.A dated 09/ 12/2020.

**** Remuneration, Allowances, Leave entitlements, Maximum term of appointments in respect of retire Central Government employees engaged as Consultant on Contact basis in NDMA shall be regulated as per provisions laid down in MoF, DoE OM No. 3-25/2020,E.III.A Dated 09/12/2020.

***** Remuneration, Allowances, leave entitlements, Maximum term of appointments in respect of retired state Government employees will be same as the retired Central Government employees are entitled to when engaged as Consultants on Contract basis in NDMA.

**** The Selection Committee shall fix the consolidated remuneration for the offered position in the remuneration band based on the education, experience, remuneration being already drawn/ last pay drawn and other relevant factors. The remuneration will be consolidated and inclusive of all applicable taxes and no other allowance shall be provided.

11. Area of Experience:

- Experience of at least 5 years of work experience in disaster risk management, developmental projects, disaster response/recovery, or similar area.

(Duration of research work (PhD, Post Doctoral) will be counted in work experience, either actual duration or 5 years, whichever is less.)

- Candidates should have proven writing skills in English, as the position requires dealing with national and state agencies regarding disaster risk reduction and related aspects. Expertise in data analysis tools, additionally, candidates should have proficiency in design software such as AutoCAD, Sketchup, STAAD etc.

12. Reporting Mechanism:The Lead Consultant will work under the direct supervision of concerned subject Member / JS (Division Head) of NDMA.

13. Support/inputs to be provided by NDMA to facilitate Consultancy:During the consultancy no additional support other than office equipment i.e. Desktop, Printers, Internet etc. may be provided by NDMA. However, allowances such as TA/DA, Lodging & Boarding expenses, etc. for official tours, visit, etc. will also be provided as per the rules/regulations of GOI/NDMA.

14. Special remarks, such as travel, etc.: For all official tours, visit of Lead Consultant, allowances such as TA/DA, Lodging & Boarding expenses, etc. for official tours, visit, etc. will also be provided as per the rules/regulations of GOI/NDMA.

15. Termination of Contract: The NDMA can terminate the contract at any time without prior notice and without providing any reason for it. However, in the normal course it will provide one month's notice to the Individual Consultant. The Individual Consultant can also seek for termination of the contract upon giving one month's notice to NDMA.

16. Additional remarks: Individual Consultants will be engaged for three years initially, which may be extended up to five years based on his/her performance and as per requirement of the Division. However, their continuation in their respective position beyond the first and second year would be contingent on a satisfactory Annual Performance Review based on clearly defined Key Performance Indicators. However, no extension will be given beyond the age of 65 years.

16. Additional remarks: Individual Senior Consultant will be engaged for three years initially, which may be extended up to five years based on his/her performance and as per requirement of the Division. However, their continuation in their respective position beyond the first and second year would be contingent on a satisfactory Annual Performance Review based on clearly defined Key Performance Indicators. However, no extension will be given beyond the age of 65 year.
